Mrs Harrocks says... **NO!!!** it can't be that time of year already...it has flown by.What an incredible year and an even more incredible group of children. It has been absolutely fantastic to see this great group of children sparkle and shine. The progress they have made emotionally and academically really makes the Year 3 team proud.

We have lots more to look forward to within the year group and as a school. The Year 3 **SPELLING BEE** starts in the summer term. Key dates and spellings will be issued to children wishing to take on the challenge, more information available on request. We have some irresistible learning opportunities including a Maths Discovery Day and a Spanish day where all the children will participate in range of stimulating and engaging activities.We also have our fun filled trip to Fishers Farm. In addition we are currently in training for our Sports Day to which you are all invited. It has ben an absolute pleasure working alongside such a geat bunch of children and supportive families. I look forward to watching them **SPARKLE** next year.

Let us know what you think: Is there an aspect of our topics that your child is particularly interested in? What would they really like to find out/explore/investigate? Are they already an expert/skilled in any of these areas?
