

Dear Parent/Carer,

**Social Media and keeping your child safe:
E-safety - key information for parents/carers**

It has been brought to our attention that some of our children have Facebook, Instagram, and other social media profiles even though the permitted minimum age to use these sites is **13 years old**, according to their terms and conditions.

Orchards Junior School is committed to keeping our children safe and to promoting the safe, responsible use of the Internet. As such, we feel it is our responsibility to raise this particular issue as a concern.

1) General social networking issues

Social media profiles offer amazing communication and social connections, however they are created with their audience in mind and this is specifically over 13 years old. Possible risks for children under 13 using the site may include:

- Facebook use “age targeted” advertising and therefore your child could be exposed to adverts of an inappropriate nature, depending on the age they stated they were when they registered.
- Children may accept friend requests from people they don’t know in real life, which can have severe risks associated with it.
- Language, games, groups and content posted or shared on these social media profiles is often not moderated, and therefore can be offensive, illegal or unsuitable for children.
- Photographs shared by users are not moderated and therefore children could be exposed to inappropriate images or even post their own.
- Underage users might be less likely to keep their identities private and lying about their age can expose them to further risks regarding privacy settings and options.
- Social media profiles could be exploited by bullies and for other inappropriate contact.
- Social media profiles often do not verify its members; therefore it is important to remember that if your child can lie about their age and who they are online, so can anyone else!

2) Parental responsibility

We feel it is important to make parents aware of the risks of underage use of such sites, so that you can make an informed decision as to whether to allow your child to have a profile or not at the moment. Should you decide to allow your child of any age to have a Facebook profile we strongly advise you to:

- Check their profile is set to private and that only friends can see information that is posted.
- Monitor your child’s use and talk to them about safe and appropriate online behaviour such as not sharing personal information and not posting offensive messages or photos.
- Ask them to install the CEOP (Child Exploitation and Online Protection Centre) application from www.facebook.com/clickceop on their profile. This places a bookmark on their profile to CEOP and the Report Abuse button which has been known to deter offenders.

Nelson Road, Worthing, West Sussex BN12 6EN.

Headteacher: Dr. Paul Jones Ed.D M.A. B.Ed

Tel: 01903 520202 Email: enquiries@orchardsjunior.school

- Set up your own profile so you understand how the site works and ask them to have you as a friend on their profile so you know what they are posting online
- Make sure your child understands the following basic Online Safety rules that we have learnt about at school.
 - Always keep your profile as private as possible.
 - If possible, don't put in your full name, e.g. Bart S, instead of Bart Simpson
 - Never accept friends you don't know in real life
 - Never post anything – writing or images – which could reveal your identity
 - Never post anything you wouldn't want your parents to see
 - Never agree to meet somebody you only know online without telling a trusted adult
 - Always tell someone if you feel threatened or someone upsets you

We also recommend that all parents visit the CEOP Think U Know website for more information on keeping your child safe online www.thinkuknow.co.uk

This link <https://nationalonlinesafety.com/resources/wake-up-wednesday/> also has some useful PDF downloads that can offer detailed advice regarding specific social media platforms.

3) School support and action

Orchards Junior School takes online safety very seriously, and we discuss online safety issues throughout the year with our pupils. There is an Internet Safety section on our school website that contains resources for parents which we strongly suggest you read.

http://www.orchardsjunior.school/?page_id=238

If you feel that you, or your child, needs further support in keeping your child safe on the internet, please make an appointment to see Mr Parkinson, our E-Learning Leader.

Because of our duty to all the children in our school, we will take action (which may involve the police) if a problem comes to our attention that involves the safety or wellbeing of any of our pupils.

With thanks for your continued support,

Dr P Jones
Headteacher

Mr J Parkinson
E-Learning Leader
