

Geography – Week 1 – Mountains

Two websites to explore with downloadable activities for you all to crack on with at your own pace. Lots of key vocabulary and also a chance to research an endangered mountain animal!

Week 1 Resources

Geography – Week 2 – Mountains

This week challenges you to identify mountain ranges using online maps and also consider what it is like to live in a mountainous area. Think about the vocabulary you could use and what you would experience through your five senses.

Week 2 Resources
