

## TREASURE BATTLE

Can you find all of your partner's treasure before they find yours?

Take turns to call out co-ordinates, if your partner has a piece of treasure at that co-ordinate they have to tell you what it is. Record the position of your partner's treasure below using the co-ordinate.

**REMEMBER:** "Along the corridor, up the stairs", we write co-ordinates in brackets like this: e.g. (1,7)
