

Maths weekly review
 This week we have been working on our word problems.

Year 3 Weekly Review

Remember to use NO PROBS and any written methods you have been taught!

<p>If 24 people were on the bus and at the next stop another 15 got on, how many people are now on the bus?</p>	<p>98 people were in the cinema, 37 were women. How many were not women?</p>
<p>A farmer grew 109 potatoes in one field and 66 potatoes in another field. How many potatoes did he grow altogether?</p>	<p>148 people watched a football match. 63 were supporting the away team. How many were supporting the away team?</p>
<p>If Joe had 368 stickers in his book and his mum gave him 129 more, how many will he have altogether?</p>	<p>A book is 409 pages long. Sophia reads 205 pages one weekend. How many pages does she have left to read?</p>

This week in **Maths** we've been learning
 how to use NO PROBS to solve word problems

I feel... My Teacher thinks...
