# Telling the time

# Telling the time

Can you tell your teacher how many seconds are in one minute?

Can you tell your teacher how many minutes are in one hour?

Can you tell your teacher how many hours are in one day?

# Telling the time

How many days are there in one week?

What are the days of the week?

# Telling the time

How many days are there in each month?

How can we remember this? Turn the page to look at a well known rhyme.

30 days has September, April, June and November.

All the rest have 31, except February which has 28 days clear and 29 each leap year.

Read this aloud as a class.

What months have 31 days?

January  
February  
March  
April  
May  
June  
July  
August  
September - 30 days  
October  
November  
December

Write next to each month  
the number of days it  
has.

September has been  
done for you.

Remember the rhyme.
