

Key

Acute

Obtuse

Right angle

Can I recognise and identify acute and obtuse angles

Acute angles are less than 90° .

Obtuse angles are more than 90° , but less than 180° .

- Choose 3 colours, fill in the key, then colour the angles as appropriate.
- Estimate the sizes of the angles by comparing them to right angles and straight lines.
- Use a protractor to measure the angles.
