

Dear Year 3,

NASA needs YOU! We need you to re-design their parachutes that allow their space capsules to safely return to Earth.

Using your knowledge of air-resistance, you are required to design and produce an amazing parachute.

You will have access to the following materials:

Plastic Bag

Paper Cup

String

Sticky Tape

Play doh / plastercine

Good luck. We look forward to hearing about your success!

The year 3 team.
