

Descriptive writing.

Write a paragraph describing this forest. Think carefully about the vocabulary you choose and your sentence structure. Can you include a simile and/or a metaphor?

Use your senses to structure your work. (What does it look like, what might you hear?)

Think about how you feel as you walk along the path. What time of day is it? What is the weather like? Why are you in the forest? Where does the path lead?

When you have finished, edit your work carefully.
