

CREATIVE WRITING CHALLENGE

He had warned her about the book. Now it was too late...

Continue the story

Before you start create a brainstorm of words and ideas. Think about:

- Who is the girl?
- Who had warned her?
- What had she been warned about?
- What is the book about?
- What has happened to her?
- How did she feel when she fell asleep?
- What happens next?

Plan some exciting words you intend to use and make a mind map of these.

As you write think carefully about every sentence and vary your sentence starters.

When you have finished edit carefully.

Have you remembered all the correct punctuation? Have you included a subordinate clause?
