AD/ BC

The ancient Egyptians built the pyramids as resting places for the pharaohs. When a pharaoh died, priests would prepare their bodies with a process called mummification.

Tutankhamun was a pharaoh known more recently as the 'boy king' because he became pharaoh when he was 9 years old.

Hieroglyphs:

The River Nile was central to life in Ancient Egypt; most Egyptians still live along and around it today. It has many uses.
